We do close for major Holidays!

As a former teacher, now a business owner, wife, and mother of three, I know the importance of having the highest quality child care services for your family. Our number one goal is to provide the kind of environment and influences that encourage all children to become creative, independent, responsible, fully functioning, self-directed adults who can make decisions for themselves. The staff and teachers strive to continuously learn and grow in our relationships with others that we may nurture a peaceful environment and surround the children with understanding,

warmth, and giving. We invite you to tour our facility and meet our dedicated staff.

Thanks,
 Lori Aungst
 Owner/Center Director
